

Hello,

MGM Grand has an exclusive cleaning provider for tradeshow and exhibits, United National Maintenance, Inc. If your event has a tradeshow or exhibits held in the Conference Center, Grand Garden Arena, or Marquee Ballroom, you are required to use United National Maintenance to handle the cleaning services for your event.

United National Maintenance order forms/information will be provided on the online exhibitor order page for your show. Your Convention Services Manager will provide you with the show management estimate based upon the exhibit show floor diagram and load in/load out.

Thank you!
